PROJECT
MAC

Workshop on Enhancing Motivation of Young Drug Abusers Engaging in Drug Treatment

Background of Project MAC

It is a pilot collaboration scheme between medical practitioners and non-governmental organizations with the aim of rendering early intervention for young drug abusers. This project is commissioned by Beat Drugs Fund to TWGHs CROSS Centre, in March 2008.

Objectives

The aim of this workshop is to share experience on how to motivate young drug abusers by different assessment tools & body check-up services.

Target Participants

Social workers, counselors, teachers & medical practitioners who are working with young drug abusers.
